BOARD COUNSEL
Attys. Winston DeCuir, Jr. and Tracie Woods

Atty. Winston DeCuir, Jr. administered the Oath of Office to Mr. Marc A. Guichard, newly elected Student Board Representative for 2012-13 and current President of the Student Government Association at SUNO.
Mr. Guichard introduced to the Board his mother, Mrs. Janice Johnson and grandmother, Mrs. Melva Broussard. He expressed his appreciation for having the opportunity to serve on the Board and pledged his best efforts toward fulfilling the duties and responsibilities of the position.

AGENDA ITEM 3: ADOPTION OF THE AGENDA

On motion of Atty. Forstall, and seconded by Atty. Clayton, the agenda was adopted, as printed.

Motion carried unanimously.

AGENDA ITEM 4: PUBLIC COMMENTS

NONE

AGENDA ITEM 5: ACTION ITEMS

A. B.A. DEGREE IN INTERDISCIPLINARY STUDIES, SUBR

On motion of Atty. Bell, seconded by Atty. Forstall, the Committee approved, and so recommends to the Board, the Bachelor of Arts in Interdisciplinary Studies Degree at Southern University – Baton Rouge.

Motion carried unanimously.

B. ON-LINE EXECUTIVE MASTERS IN CRIMINAL JUSTICE ADMINISTRATION, SUBR

On motion of Atty. Forstall, seconded by Mrs. Smith, the Committee approved, and so recommends to the Board, the request from Southern University – Baton Rouge to offer an existing academic degree program (Executive Master of Criminal Justice Administration) through distance learning technologies.

Motion carried unanimously.

C. LETTER OF INTENT FOR B.S. DEGREE IN FORENSIC SCIENCE, SUNO

On motion of Atty. Forstall, seconded by Atty. Bell, the Committee approved, and so recommends to the Board, the Letter of Intent by Southern University-New Orleans to establish the Bachelor of Science Degree in Forensic Science.

Motion carried unanimously.
Citing with a growing need for the above expertise in the local Criminal Justice Systems, Atty. Clayton suggested that the Administration consider establishing a similar program in Forensic Science at Southern University – Baton Rouge.

In response, Dr. Llorens said that he will meet the faculty and staff in the Ph.D. in Toxicology program at Southern University – Baton Rouge and also with Faculty Senate representatives to determine the investment that will be needed to offer this service.

Dr. Llorens was asked to report his findings to the Board.

D. RECOMMENDATION FOR PROMOTION, SUSLA

On motion of Rev. Tolbert, seconded by Atty. Forstall, the Committee approved, and so recommends to the Board, the promotion of Ms. Regina Webb from Instructor to Assistant Professor in the Business Management Department at Southern University – Shreveport.

Motion carried unanimously.

AGENDA ITEM 6: INFORMATIONAL ITEMS

A. RECRUITMENT REPORT, SUBR

Chancellor Llorens presented the recruitment update for Southern University – Baton Rouge. He announced the merger of the Office of Admissions and the Office of Recruitment to form the Office of Recruitment and Admissions. First-time freshmen will be admitted through the Office of Admissions; transfer and re-admit students will be admitted via the Registrar’s Office.

B. ACT 419 MANAGEMENT PLAN, SUNO

Chancellor Ukpolo presented SUNO’s plan to effect a collaborative recruitment and admission process with Delgado Community College and the University of New Orleans. The plan was developed for implementation, in response to Legislative Act 419.

AGENDA ITEM 7: OTHER BUSINESS

None

AGENDA ITEM 8: ADJOURNMENT

On motion of Atty. Forstall, seconded by Rev. Tolbert, the meeting was adjourned.

System Vice Presidents Kevin Appleton and Tony Moore  
Chancellors Victor Ukpolo (SUNO), Freddie Pitcher (SULC), Ray Belton (SUSLA), Leodrey Williams (SUAREC), and James Llorens (SUBR)  

BOARD COUNSEL  
Atty's. Winston DeCuir, Jr. and Tracie Woods  

AGENDA ITEM 3: ADOPTION OF THE AGENDA  

On motion of Mr. Bell, seconded by Dr. Kelly, the agenda was adopted.

Motion carried unanimously.

AGENDA ITEM 4: PUBLIC COMMENTS  

Atty. Clayton voiced concern regarding a recent article appearing in the local newspaper about the employment by SUBR of a former student member on the Board of Supervisors. The concern was shared by Board Members Kelly and Tolbert and President Mason.

Chancellor Llorens reported that the personnel action has not been finalized, but provided the rationale for seeking to employ the individual.
Following the discussion on this matter, several members agreed that the Board should be asked at the July Meeting to consider tabling new hires as well as creating new positions System-wide during the University's current period of financial austerity. The Board should also be asked to strengthen its Bylaws as relative to personnel actions.

Mr. Lawson spoke in support of the Administration's creation of new University positions, when the situation warrants. Responding, Atty. Forstall noted that the Administration should obtain the approval of the Board before creating a new position.

Dr. Thomas Miller, President of the SUBR Faculty Senate, expressed concern relative to the hiring of the former Student Board Member; and, the SUBR Administration's recommendation of the Chief Information Officer (Item 5A).

Dr. Sudhir Trivedi, SUBR Faculty Member and Vice President of the Louisiana Chapter of the AAUP Conference, spoke about the Board's delegation of its authority for certain personnel actions to the System President and Chancellors.

Ms. Linda Mosley commented on receipt of a letter from the SUNO Chancellor terminating her current position with the 1st Year Experience Center at SUNO. She requested the Board and System President to look at the SUNO Administration's decision to reduce staffing for the Center.

AGENDA ITEM 5: ACTION ITEMS

A. APPOINTMENT OF CHIEF INFORMATION OFFICER, SUBR

On motion of Mr. Bell, seconded by Dr. Kelly, the Committee approved, and so recommends to the Board, the appointment of Dr. Carlos A. Thomas as Chief Information Officer at SUBR, effective July 1, 2012, at an annual salary of $110,000.

Motion carried. Atty. Clayton voted nay.

B. PERFORMANCE EVALUATION OF SYSTEM PRESIDENT RONALD MASON, JR.

On motion of Dr. Kelly, seconded by Mr. Bell, the Board convened into an executive session to discuss with Mr. Ronald Mason the evaluation of his performance as President of the SU System for the period of July 1, 2011 to June 30, 2012.

Motion carried unanimously. 6 yeas: Forstall, P. Bell, Guichard, Kelly, Smith and Mire; 0 nays; 0 abstentions; 1 out; Clayton.
EXECUTIVE SESSION

OPEN SESSION

On motion of Mr. Bell, seconded by Atty. Bell, the Committee reconvened into open session.

Motion carried unanimously. 7 yeas: Forstall, P. Bell, Clayton, Guichard, Kelly, Smith and Mire; 0 nays; 0 abstentions

C. REVISED PRESIDENTIAL EVALUATION PROCEDURE

On motion of Mr. Bell, seconded by Atty. Clayton, the Committee approved, and so recommends to the Board, the revision to the Presidential Evaluation Procedure to change the month of the annual Presidential Evaluation from March to June.

Motion carried unanimously.

AGENDA ITEM 6: OTHER BUSINESS

The Administration was requested to place on the Committee's July meeting agenda an item to "table all future employment and the creation of new positions."

AGENDA ITEM 7: ADJOURNMENT

On motion of Mr. Bell, seconded by Dr. Kelly, the meeting was adjourned.

TRANSFORMATION ASSESSMENT PLAN FOR ENROLLMENT SERVICES

Plan Prepared by:

Michelle L. Hill, MPA
Director of Recruitment and Admissions
Southern University - BR
Southern University System
Student Services Automation Project Plan

Overview

The Student Services Automation Project is a critical initiative designed to automate, standardize and synchronize all aspects of student services within the Southern University System. This project plan is designed to set attainable targets for the startup of the interactive online Student Services function within Banner by the Spring 2013 semester. Executive leadership has developed goals for the project with action steps, responsible parties, deadlines and resource allocations. This project will create a virtual one stop for Southern University System current and prospective students and position Southern University as a worldwide provider of online education.

Project Plan

<table>
<thead>
<tr>
<th>Goal 1: Analyze the current organizational capacity within Student Services to meet current and future demand for campus and online education.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Action Step</strong></td>
</tr>
<tr>
<td>1. Review job descriptions of all current positions within Admissions, Recruitment, CTLE, Financial Aid, Registrar’s Office and Bursar’s Office</td>
</tr>
<tr>
<td>2. Review standard operating procedures within Admissions, Recruitment, CTLE, Financial Aid, Registrar’s Office and Bursar’s Office</td>
</tr>
<tr>
<td>3. Develop workflow diagrams for all current processes within Admissions, Recruitment, CTLE, Financial Aid, Registrar’s Office and Bursar’s Office</td>
</tr>
</tbody>
</table>
4. Provide information to Chancellors regarding organizational structure and processes within Student Services to meet the virtual needs of students and increased demand for student services

<table>

Southern University System
Transformation Assessment For Finance & Business Affairs
August 27, 2012 - December 15, 2012

Overview

The objective of this activity is to refine and improve the System's capabilities and performance with regard to business and support operations, to enable future success. These efforts are an essential element of renewing our commitment to continuous improvement based on our core mission of instruction, research and service, and include the following:

- Respond to financial challenges
- Improve service quality, availability and accountability to achieve operational excellence in administration
- Inculcate High Performance Culture throughout support operations
- Instill an environment of continuous improvement
- Identify where to invest so as to reduce the long term administrative operating costs

SOUTHERN UNIVERSITY SYSTEM

TRANSFORMATION ASSESSMENT PLAN
FOR INFORMATION TECHNOLOGY
AUGUST 27, 2012 - DECEMBER 15, 2012

Plan Prepared By:

Tony A. Moore
Vice President for Information & Technology Management
Southern University System
Southern University System  
Transformation Assessment For Information Technology  
August 27, 2012 - December 15, 2012

Overview

The Transformation Assessment for Information Technology is a critical, strategic initiative essential to efficient IT delivery of services to all constituents and promotion of innovative uses of IT resources. This assessment develops a centralized approach technology support services consortium by utilizing a reliable infrastructure that is scalable, robust, and efficient. By creating a unified team focused on innovation, coordination and advancement, we will build partnerships that will enhance our presence locally and internationally.

Plan

Goal 1: Evaluate alignment of governance by consolidation and standardization of reporting relationships and responsibilities.

<table>
<thead>
<tr>
<th>Action Step</th>
<th>Personnel</th>
<th>Deadline</th>
<th>Resource Allocation</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Establish IT Steering Committee with senior technology representatives from each system campus.</td>
<td>Office of Information &amp; Technology Management Campus CIOs System Chancellors</td>
<td>8/27/12</td>

SUBR Student Receives ETS Presidential Scholarship

Desmond J. Fernandez has once again been declared a “winner.” This outstanding SUBR student has been chosen as a recipient of the Educational Testing Service (ETS) Presidential Scholarship Award for HBCU Students for the 2012-2013 academic year. Desmond is one of only eight students chosen from a large pool of talented students whose applications received a thorough evaluation by a review committee.

The award is for tuition for the 2012-2013 academic year. Acceptance of this award means that the recipient agrees to write a paper about a problem of his choice in his major field. The paper will be presented at a forum to be held in early 2013 at ETS in Princeton, New Jersey. ETS will cover all expenses for participating in the forum.

Desmond Fernandez is currently classified as a senior majoring in Physics. He is also a member of the Dolores Margaret Richard Spikes Honors College.

SUBR Faculty and Student Selected for Participation in Summer Research Program

Dr. Conrad Jones of the Department of Chemistry and Ms. Danielle Duhe, a student in the Department of Chemistry, were selected to participate in the Department of Homeland Security’s (DHS) Summer Research Team Program for Minority Serving Institutions. The team was assigned to work with the Center of Excellence for Awareness and Localization of Explosive – Related Threats at the Texas Tech University in Lubbock, Texas. This Center
of Excellence is charged with developing new means and methods to protect the nation from explosive-related threats.

“The objective of the DHS Summer Research Team Program is to provide research opportunities to diverse and highly talented individuals in order to increase and enhance the scientific leadership at Minority Serving Institutions in research areas that support the mission and goals of DHS,” said Dr. Matthew Clark, director of the program. Each team has one faculty and one or two students. During the summer, the teams participate in a research project for ten weeks and conclude with a presentation to DHS researchers and program managers. Student participation in this program is an excellent example of the opportunities that SUBR students receive to participate in extraordinary learning experiences during their matriculation at SUBR!

Two SUBR Professors Participate in National Science Foundation (NSF) Project

Dr. Katrina Cunningham, Chair of the Department of Mathematics, and Dr. Karen Crosby, Associate Professor in the Department of Mechanical Engineering, were recently selected to participate in the Preparing Critical Faculty for the Future (PCFF) Project.

The purpose of the project is to advance the professional careers of project participants through their work to influence the STEM transformation efforts at the institutions of all participants.

The hope of the Association of American Colleges and Universities is to advance the PCFF Project with a second broader set of activities and work. If NSF responds favorably in terms of continued funding, next year a subset of the 13 HBCUs that currently make up Cohort II will be asked to continue efforts to advance the STEM transformation action plans developed this summer by the current teams.
Commendations are extended to both Professors Cunningham and Crosby for representing themselves and SUBR in such an exemplary manner.

**Urban Forestry Program Received Grant for USDA Forest Service**

The Urban Forestry Program has received a grant from the USDA Forest Service in the amount of $120,000. The $120,000 match for this grant has been waived. $60,000 of these funds will be used to implement a plan to use forest science and technology to manage SUBR’s existing “Remnant Bottomland Forest Ecosystem” for utilization in urban forestry education, training, research and outreach. Funds ($40,000) will also be used for Summer Urban Forestry recruitment and $20,000 will be used to fund workshops, seminars and conferences for Faculty and students.

SUBR’s Remnant Bottomland Forest Ecosystem has more than 60 tree species. Live Oaks, Black Willows, Azaleas and Magnolias are examples of some of these species.

**Dean of University Library Recognized as Outstanding Mentor**

Emma Bradford Perry, Professor and Dean of Libraries, was honored on July 27, 2012 in New York by Soledad O’Brien’s Education Foundation for mentoring a Southern University student, Tyreiron (Terri) Segue, who is one of Soledad’s Scholars. Dean Perry was the guest of Soledad at the fund raising gala, “New Orleans in the Hamptons” (NY). Dr. Steve Perry of CNN and his family sat at the table with Dean Perry along with Pamela Ravare-Jones who is a Southern University graduate and serves on the Board of Directors for Soledad’s Foundation.

In her comments to Dean Perry Soledad said, “We cannot and will never be able to thank you for being the incredible role model for what great mentoring should be. You have set the standards of mentoring for the foundation. We appreciate your hard work and service.
Thank you for all you do for us and for Terri.” Each scholar of the Foundation gets personalized help in whatever it is they need to succeed in college, including a mentor to navigate the bumps and hurdles on the road to a college degree.

Terri is an honor student, from New Orleans. She spent her freshman and sophomore year at Southern University with a major in Economics but will be transferring to Spelman this fall for her junior year. Soledad’s Education Foundation will cover the cost of Terri’s education at Spelman as the Foundation did while she was a student at Southern. This summer Terri did an internship in New York City (Manhattan) with CNN.

Dean Perry is to be commended for bringing such distinction to herself and to SUBR. Her extraordinary interaction with this student is a classic example of the type of relationships in which we hope many more faculty and staff will choose to engage.

**SUBR Nursing Student Participates in Summer III Cardiovascular Surgery Progressive Care Unit**

Being part of a team that helped patients recover considerable physical skills after suffering strokes has been an experience that Southern University’s Fred Reed said he won’t ever forget.

The senior nursing student was one of a group of students selected to participate this summer in the Summer III’s program at the famous Mayo Clinic in Rochester, Minn. Reed participated in the cardiovascular surgery progressive care unit.
The most rewarding experience, he said, was seeing a stroke patient unable to walk, swallow or eat, and then being able to see the patient relearn each of these things. Reed even helped the patient to take his first steps, a moment he will always remember.

Reed was selected for the program from an applicant pool of more than 900. The acceptance rate, a mere 12 percent, indicates how competitive and highly sought after the program has become. Amongst the Summer Ills, 63 colleges and universities and 31 states were represented.

“Mayo Clinic was always something I saw on the news. I dreamed of working here, but I never imagined it happening,” said Reed. “It’s an honor to be here. I would never take it for granted.”

Reed has had the opportunity to work with a variety of patients with a number of different health situations.

The Summer III Program allows participants to get the experience they want and need for their future. “It’s one thing to see a question on an exam about medications, but it’s another thing to actually see and learn about the medications,” said Reed.

He recalled an experience when his clinical coach, Jennifer M. Pagel, RN, took him through the critical process of giving medication to a patient with an irregular heartbeat. Having come into the program very shy, Reed credits a newfound confidence to experiences like this at Mayo Clinic.

Pagel, Reed’s coach, said the most rewarding part about being in her position is seeing Reed progress. “He’s changed from following me to being the leader and saying ‘This is what I think we should do,’” said Pagel, a first-time clinical coach.

**SUBR Athletic Department Received NCAA Re-Certification**

The NCAA Division I Committee on Athletic Certification recently informed SUBR of the Committee’s determination that its Department of Athletics had been re-certified. The decision of the committee was publically announced on Thursday, July 26, 2012.

This re-certification means that the institution is operating its athletic program in conformity with operating principles adopted by the Association’s Division I membership.
The Committee does expect SUBR to follow up on any plans included in its self-study designed to further improve the program.

Commendations are extended to the Department of Athletics for this very significant achievement.

**SU to host Coca-Cola Football Fan Fest Aug. 25**

Southern University athletics is partnering with Coca-Cola to hold the SU Football Fan Fest 2012 Refreshed by Coca-Cola on Aug. 25 at A.W. Mumford Stadium on the SU campus.

Football Fan Fest begins a 3 p.m. and precedes the Jaguars final preseason scrimmage scheduled for 6 p.m., one week before the Sept. 1 season opener at Football Bowl Subdivision member New Mexico.

Fans attending the 2-hour event will be able to meet SU football coach Stump Mitchell along with members of the 2012 team and take pictures with select players. Mitchell, along with Chancellor James Llorens and Athletics Director Dr. Will Broussard, is scheduled to address the fans during the program portion which features a performance by the SU cheerleaders.

The Southern women's volleyball and women's soccer teams will be available as well for pictures and autographs in the East side stadium parking lot located in the shadows of A.W. Mumford Stadium. Fans will also receive the 2012 Southern Fall sports posters with the #StandUnited theme.

In conjunction with Football Fan Fest, Southern's booster groups will also conduct membership drives and sponsor several fan giveaways.

Following Football Fan Fest, Coach Mitchell and the Jaguars hit the field inside AW Mumford Stadium to conduct their final scrimmage before the season opener at 6 p.m. Fans are encouraged to make the short walk to the West Side entrance to attend the scrimmage, which features a performance by the Southern University Human Jukebox at 5:30 p.m. during team warmups.

Prior to the 6 p.m. scrimmage, the 2012 women's volleyball and women's soccer teams will be acknowledged and members of the Class of 2016 will conduct a mock run of "Jaguar
Jamboree," a pregame event where the freshman class will form the tunnel for the football team to run through at the Sept. 13 home opener against Mississippi Valley on ESPNU.

**Athletic Department Continues to make Progress**

The following are positive activities that have or are taking place in the Department of Athletics:

- Athletic Director has now included visiting area churches and possibly churches outside the area as a part of the department’s public relations campaign. The first church visited was Greater King David Baptist Church on Sunday, August 5, 2012. Other church visits will follow.
- There is a significant effort in progress to engage in an advertising campaign to positively promote the Athletic Department. For example, spots will be running on various T.V. networks; radio spots will also run; banner will also appear across the page of *The Advocate*.
- Sell of season book tickets is up by 11%.
- Track overlay process ready to begin.
- Basketball court will also start after August 13th.
- Department of Athletics has been reorganized to promote more effectiveness, efficiency and accountability.
- The number of corporate sponsors has increased from eleven to eighteen.
- Cash commitments are up by approximately 30%.
- The department will celebrate Church and Family Day at October 20, 2012 game.

**Southern University has solid representation at research gathering**

A Southern University alumnus won first place for a graduate student poster presentation at the recent Louisiana Alliance for Simulation-Guided Materials Applications (LASiGMA) research symposium in Baton Rouge.

A Southern mechanical engineering graduate student placed second in the same category.

The symposium featured presentations by LASiGMA investigators, post-doctoral fellows, and graduate and undergraduate students. LASiGMA is a collaboration of seven Louisiana institutions, including Southern.
LASiGMA is funded by the National Science Foundation with additional funding from the Louisiana Board of Regents. It is a five-year and $20 million research project.

In addition to Southern, there were students and supervisors representing Grambling State University, Louisiana State University, Louisiana Tech University, Tulane University, University of New Orleans, and Xavier University.

Chinedu Ekuma, who earned his master’s degree in physics from Southern, offered a presentation on sophisticated electronic property calculations. Ekuma is completing his Ph.D in physics at LSU. His research supervisor at LSU is Dr. Mark Jarrell.

Michael Benissan, a mechanical engineering graduate student at Southern finished in second place behind Ekuma, for his presentation on thermal barrier coatings. His research supervisor is Dr. Patrick Mensah in the mechanical engineering department at SU.

In other results from the symposium, Matthew Kornfield, an undergraduate physics major at Georgetown University, won first place for the statewide undergraduate student poster presentations. The research results he presented were on colossal magnetoresistance. His research supervisor is Dr. Laurence Henry in the department of physics at Southern.

Juan Arredondo, an undergraduate physics major at Coe College, presented his results on carbon nanotubes. Cole Vanderlick, who will be an undergraduate petroleum engineering major at LSU in the fall, made a presentation on intricate three-dimensional representations of complex molecules.
Kornfield, Arredondo, and Vanderlick are participants in Summer 2012 LASiGMA Research Experience for Undergraduates (REU) program at SUBR.

Dr. Diola Bagayoko, LASiGMA principal investigator at SUBR, congratulated each of the students for their accomplishments. He said he will promote their research to future groups of LASiGMA students at SUBR.

**SU’s Small Business Center to hold non-profit startup workshop**

The Louisiana Small Business Development Center at Southern University will hold a “Nonprofit Startups 101” workshop from 8 a.m. to 10 a.m., Saturday, August 25 in the College of Business, on the first floor of T.T. Allain Hall.

The seminar is open to the public; however, early registration is required due to limited class size.

The workshop will provide information on how to transform ideas of starting a nonprofit into a viable, operational organization and to simplify the process. Those that complete the workshop will be equipped with the tools needed to form a non-profit organization.

Topics covered during the session will include: the steps for setting up a non-profit organization; the difference between a non-profit and a for-profit organization; the six components of non-profit infrastructure; and how the 990 form needs to be completed and filed.

The LSBDC at Southern University Baton Rouge is a partnership program funded, in part, through a cooperative agreement with the U.S. Small Business Administration, Louisiana Economic Development and Southern University.

**Southern has launched GoJagsGear.com**

Southern University Athletics has partnered with Dallas-based Advanced Online and has launched its online store, the department announced Thursday.

GoJagsGear.com will offer Jaguar fans a robust catalog of collegiate licensed apparel and specialty gifts which will directly impact the department’s budget.
"Southern University Athletics is thrilled to enter into this agreement with Advanced Online as the provider of our online store, GoJagsGear.com," said Dr. William Broussard, Director of Athletics.

"The company is an industry leader in providing a wide array of products, excellent service to customers and clients. This also gives us an opportunity to generate revenues to support SU Athletics and give alumni across the nation an opportunity to purchase a wider array of products than have ever been made available to them."

**Media Relations Updates**

On June 25, *The Advocate* published a story about a representative from the federal government touring the Small Business Development Center under construction on the Baton Rouge campus. Mayor-President Kip Holden was part of the group.

On July 9, *The Advocate* published a story about the SUSLA to SUBR program on the local campus. The story outlined how the program would work to boost enrollment on the BR campus.

The Advocate ran a story highlighting how Southern University-Baton Rouge had come out of budget cuts, furloughs and exigency and was now ready to start the fall 2012 semester. There was an interesting quote in the story from the Commissioner of the Board of Regents who said that SUBR could be a role model for other Louisiana schools the might have similar financial situations.

NBC TV 33 followed that story with a story with interviews suggesting that Southern is moving forward after a tough year financially caused by state budget cuts.

In early July, Chancellor Llorens was a guest the WAFB-TV Ch. 9 morning show to discuss Southern-BR path now that the University had passed the GRAD Act and was free of exigency.

Chancellor James Llorens and President Ronald Mason, Jr. were on the Jim Engster radio show to discuss Baton Rouge campus’ direction now that it had come out of financial exigency.
A story, published in August by Diverse Issues in Higher Education focused on SUSLA to Baton Rouge and New Orleans program. The reporter interviewed Chancellor Llorens, President Mason and SUBR SGA President Willie McCorkle.

SIGNIFICANT EVENTS/ACCOMPLISHMENTS

Chancellor Pitcher and SULC Recognized in Special Salute by Jaguar Foundation of Atlanta

Southernites in the Southeast, particularly the greater Atlanta region, paid special tribute to HBCU Law Schools at its annual Achievements Awards Ceremony and banquet. Chancellor Pitcher was recognized for his direction and stewardship given to SULC. Foundation President, Kenneth Davis, during the tribute, congratulated Chancellor Pitcher for “your dedication to provide quality education and training for attorneys at the Southern University Law Center. Because of your commitment, the Law Center is nationally recognized for excellence,” he said.

The Jaguar Foundation of Atlanta, comprised of many members of the Atlanta chapter of the SU Alumni Federation, is a national nonprofit public foundation established to provide scholarships to Atlanta students attending SU, including the Law Center.

Mr. Davis, asserted, in honoring the five Historical Black College Law Schools, “At a time when smiles are accompanied with shrewd legal maneuvers to undermine the social, financial, and political progress of minorities, we must recognize those who equip our scholars to defend the Constitution”. Concluding, he said, “Thank You to North Carolina Central University, Florida A&M University, Howard University and Texas Southern University for joining Judge Freddie Pitcher of Southern University in allowing all of us to celebrate your contribution to our society through the education of our future lawyers”.
SULC Orientation Held August 16
315 Incoming Students Welcomed

Associate Justice John Wiemer, III, of the Louisiana Supreme Court; Richard K. Leefe, Louisiana State Bar Association (LSBA) president-elect; and Barry H. Grodsky of the LSBA Committee on the Profession addressed the 2012 incoming class of 315 students at the annual Southern University Law Center Orientation at 10 a.m., Thursday, August 16, in the Cotillion Ballroom of the SU Smith-Brown Memorial Student Union.

Chancellor Freddie Pitcher, Jr., SBA president LaKeisha Ford, and SULC faculty, staff, and alumni greeted the new students. Student Orientation on Professionalism was conducted by the LSBA Committee on the Profession. The 315 entering law students for fall 2012 were selected from a pool of approximately 1,000 applicants. The students are from 25 states and from 105 colleges/universities. The highest GPA is 4.00 and the highest LSAT score is 165. The average age is 28. The male/female ratio is 54/46 and the diversity is 48 percent African American; 40 percent Caucasian; 5 percent Hispanic, and 7 percent other.

School began August 21.

SULC Alumni Among New Officers of Region 5 of the National Bar Association

Elected during the National Bar Association Annual Conference, Tuesday, July 17, are Region 5 Officers—From left Chris Hebert, ’03, deputy director; Michael L. Tyler, ’04, assistant director; Cynthia N. Reed, ’90, treasurer; Rachel Johnson, secretary, and Al Perkins, ’04, past director.
Professor’s Work on the Angola 3 Case Continues

The article is about The Angola 3 which involves three African-American men, Herman Wallace, Albert Woodfox and Robert King.

According to Prof. Allen-Bell, after arriving at Angola, the three men organized hunger and work strikes, and called for investigations into a host of alleged unconstitutional and extraordinarily inhumane practices in the prison. The men also organized the first prison chapter of the Black Panther Party with the hope of stopping the inmate-on-inmate violence and sexual assaults.

Wallace and Woodfox were charged with killing a correctional officer and King was charged with killing a fellow inmate. All three men were convicted, but steadfastly maintain their innocence, Allen-Bell said. Robert King was released in 2001, but Wallace and Woodfox remain in solitary confinement (also known as closed cell restriction), where they have been held for 23 hours a day for the past 40 years.

Convictions have been reversed and reinstated in each case,

Professor Allen-Bell stood along Amnesty International and community leaders recently as they called for an end to prolonged solitary confinement of Wallace and Woodfox. The delegation delivered 65,000 signatures from people in 150 countries to Governor Bobby Jindal.

In June, the Senate Judiciary Committee’s Subcommittee on the Constitution, Civil Rights and Human Rights conducted a public hearing on “Reassessing Solitary Confinement: The Human Rights, Fiscal and Public Safety Consequences.”

Professor Allen-Bell was among 65 others who submitted statements for the first-ever congressional hearing on solitary confinement.

An interview Allen-Bell had with the San Francisco Bayview National Black Newspaper on the eve of the hearing appears in its June 18, 2012 issue. You may read

Professor Hosts Talk TV Program

The Legal Round Table is a new Baton Rouge television talk show which airs at 10:00 a.m. on Sundays, Cox, channel 21. The show is hosted by Professor Shenequa Grey and highlights updates on new and amended laws from the 2012 Regular Session of the State Legislature, as well as other legal topics. Visit www.thelegalroundtableshow.com.

Academic Support Programs and Academic Counseling

Pre Law 2012

Maximum enrollment in the pre law program was set at 60 participants, according to Associate Vice Chancellor Berryl Gordon-Thompson, program director. “This limit was set due to budget constraints and the ongoing economic environment,” she reasoned. Nonetheless, overwhelming interest in participating in the comprehensive summer program increased enrollment to 67, with 25 on the wait list, she said. Louisiana residents constitute more than 64 percent of the pre law class.

On the Go

Professor Herbert C. Brown, Jr., of the SULC Legal Analysis and Writing Program, and Adjunct Professor Jonathan “Jay” C. Augustine, participated in the Third Annual John Mercer Langston Black Male Law Faculty Writing Workshop, hosted by Suffolk University Law School, Boston, Massachusetts, on June 29. Brown’s presentation, “A Crowded Room or The Perfect Fit: Exploring Affirmative Action Treatment for LGBT Individuals in College and University Admissions,” explores the constitutionality of affirmative action treatment for individuals that self-identify as gay or lesbian during college and university admission processes. The presentation considered past, present, and future United States Supreme Court precedent relating to affirmative action to determine whether colleges and universities would withstand a constitutional challenge if they decide to consider sexual orientation during their admission processes.

Recruitment Services

The tentative recruitment schedule for September includes visits to the Atlanta Law Forum, University of Georgia, Louisiana State University, University of Louisiana-
Lafayette, Rust College, Alcorn State University, Jackson State University, Southeastern State University, Tougaloo College, Mid-Atlantic Conference-Washington, D.C., McNeese State University, Northwestern State University, Louisiana Tech University and the Houston Law Forum.

Alumni News

Derrick “Digger” Earles, ‘04, of Caubarreaux & Associates in Marksville, Louisiana, was recognized by the National Trial Lawyers Association as one of the “Top 40 under 40 attorneys in the nation.”

Allen C. Miller, ’99, a partner with Phelps Dunbar, was recognized as one of the “2012 Nation’s Best Advocates: 40 Lawyers Under 40” by IMPACT and the National Bar Association (NBA). Nation’s Best Advocates honors individuals age 40 and under in the African-American legal community who have distinguished themselves for their outstanding professional and philanthropic work. Miller practices in the area of commercial litigation and is solely responsible for the litigation strategy and management of several institutional firm clients. When not in the courtroom, Miller volunteers his time with local nonprofit organizations. He has served as president of the New Orleans Court Appointed Special Advocates program (CASA) and serves on the boards of Odyssey House of Louisiana and WRBH Radio for the Blind and Print Handicapped.

Ophelia Renee Wells, ‘11, is a new partner of the Law Firm of Roach, McMillan, and Wells, McComb, Mississippi.

Maurice D. Gipson, ‘10, is development officer for community engagement goodwill of Greater Washington, 2200 South Dakota Ave NE, Washington, DC 20018. Gipson’s contact information is phone: 202-715-2654; email: maurice.gipson@dcgoodwill.org; web: http://www.dcgoodwill.org

Christopher Hebert, ‘03, Jade Brown-Russell, ’03, and Michael Tyler, ’04, joined a group of attorneys from around the U.S. as panelists for A Gaming Law Symposium, Sunday, July 15, during the 2012 National Bar Association Convention in Las Vegas.

Ashley Smith, ‘09, has been selected one of 16 attorneys for the Leadership (Louisiana State Bar Association) LSBA 2012-2013 Class.
IN MEMORIAM

Ray L. Waters, '93, passed away on Thursday, July 5. Memorial services were held Wednesday, July 11 in Chicago, Illinois.

Blaine Gerard "Breeze" Williams, '96, passed away in Alexandria, Louisiana on Thursday, May 24. Funeral services were held June 1 in Pineville, Louisiana.

Special Problems

None

Significant Administrative or Policy Changes

None
In the 2012 funding cycle of the 1890 Institution Teaching, Research and Extension Capacity Building Grants Program, the SU Ag Center has received high marks from the USDA/ National Institute of Food and Agriculture (NIFA), capturing more than 60% of the proposals submitted. The main goal of this funding program is to build and strengthen the research, teaching and extension capacity at the 1890 institutions. Therefore, the program requires that goals be aligned with NIFA’s Challenge areas as well as with the institution’s strategic plan as they relate to food and agriculture sciences.

Dr. Kit L. Chin, PD and Yadong Qi, Sebatnu Gebrelul, Renita Marshall, Fatemeh Malekian, Co-PDs, in collaboration with Rutgers University and West Virginia State University have tentatively received a research grant from USDA/ NIFA Capacity Building Grants Program in the sum of 500,000 dollars to conduct research which will find alternative utilization for roselle hibiscus as small farm and niche market crop.

The goals of the project are to: continue the screening of roselle hibiscus varieties best suited for small farm production in Louisiana; conduct research to develop high antioxidant functional food products to aid in the development of roselle hibiscus enterprises; and support product development and niche marketing, with emphasis on finished products that have health benefits such as reduction of high blood pressure, and marketability.

In collaborative work with West Virginia State University, the extract from roselle hibiscus will be evaluated for its effects on arresting the proliferation of animal and human cancer cells in vitro. Rutgers University will assist in quality control work with SU Ag Center scientists on developed hibiscus products. The project also strives to develop a roselle hibiscus business incubator by providing training and facility to jump start entrepre-

neurship development.

The funded project will also evaluate the roselle hibiscus foliage as nutritive forage for weight gain of goats as well as a natural dewormer for intestinal parasitic control.

Other recipients of this year’s funding include: Zanetta Augustine, PD, - Dawn Mellion-Patin and Calvin R. Walker, Co PDS: Academy for the Academic Enhancement of High School Students in the Food and Agricultural Sciences, $243,979.00; Wanda Burke, PD, - Willie Rawls, Aubrey Williams, Conrad Jones, Christopher Rogers, Edith Harris, and Calvin R. Walker, Co PDS: Development of Learning Modules for Assuring Academic Enrichment Support for Youth in Rural Louisiana, $247,737.00; Tiffany Franklin, PD, - Andrea Johnson, and Stephanie Elwood, Co PDS: Eradicating Food Deserts in Neighborhoods through the Development of School Gardens, $250,000;

NIFA Awards continued

Christie Monroe, PD, - Kasundra Cyrus, Yemane Ghebreiyesus, and Calvin R. Walker, Co-PDs: Using Agriculture as a Fast Track Vehicle for Change through Experiential Learning, $249,886.00; Additionally, Renita Marshall serves as PD, while Willie Rawls, and Kenyatta Nelson-Smith serve as Co-PDs on a teaching grant, JAGS in AG: Recruitment, Exploration and Retention that attracted $150,000.00. Congratulations are in order.

SU Ag Center Team Holds Mock Job Interview for Inmates

SU Ag Center's Second Chance 2 Recover team traveled to Elayn Hunt Correctional Center (HCC) in St. Gabriel to conduct mock job interviews with select inmates. The team was asked to conduct these interviews by Amanda Dominique, mental health department staff at the Center. The team has been teaching classes at EHCC since 2007. The purpose of the Second Chance 2 Recover program is to provide self-sufficiency skills to inmates on topics regarding issues they will face upon release from prison. Classes include Addictive Behaviors, Developing Job Skills, Anger Management and Creating a Plan of Action.

Ms. Dominique requested the mock interviews after the team taught their “Developing Job Skills and Plan of Action” class. The class provides information on what to do and what not to do when searching for a job after their release. They are taught that finding employment will likely be a challenge once they return to their communities. The objective is to prepare the mindset of inmates and to teach them that it is not an overnight process to get out and immediately find employment. Not saying it is impossible, but may be unlikely because of their past history of offenses. The class also teaches inmates how and where to find decent, reasonably priced clothes for an interview. They are taught how to utilize their resources and network to find employment.

The interviews were recorded for distribution to the general population to reference as needed to learn what to do during a job interview.

The SU Ag Center team consists of Tiffany Franklin, Program Coordinator and Delores Johnson, parent educator.
Parasite infestation is one of the biggest threats to the small ruminant producers in the southeastern region of the US. To help local producers tackle this issue, the SU Ag Center hosted a clinic for ruminant producers Saturday, July 28, 2012.

At the clinic, farmers learned how to test fecal samples collected from their farms for parasites; as well as how to identify and count the parasites present on their farms. Producers were encouraged to bring no more than 10 samples each from cattle, goat and sheep. Participants reported that the exercise was very helpful because it afforded them an opportunity to identify the animals that they may need to get rid of and/or treat aggressively. Participants, Robert and Mary Richard reported the clinic to be “a wonderful process, very educational, hands-on and beneficial.”

In preparation for clinic, producers were urged to know the names of dewormers used on their farms; refrigerate fresh samples; bring samples on the morning of the clinic; keep samples separate and label each properly; have FAMACHA Scores, which was optional for producers with goat fecal samples.

“I am starting a goat production business and this clinic will benefit my family enterprise in stocking more goats,” said Rintha Simpson.

The clinic was co-sponsored by the Louisiana Goat Cooperative, Louisiana Association of Cooperatives, Mixed Species Grazing Project at Southern University Agricultural Research and Extension Center. Participants came from across the south of Louisiana to bring samples for testing, some for the first time. After the clinic, Nic Girgenti of Lagniape Kikos, Roseland, wrote, “Thanks for hosting the clinic. I have read a lot about FEC's (fecal egg count) in goats and now know what the "hands-on" process is. FAMACHA is good, but this gives an actual count and the type of infestation.”

“Please keep me on your email list for future goat events,” Girgenti concluded.
The Creating Healthy Enjoyable Foods or C.H.E.F. program engaged youth in experiential learning at the SU Ag Center. De'Shoin York-Friendship, Assistant Specialist, Nutrition and her LSU counterparts, taught kids to cook as a way of giving them power and responsibility. Participants in the second session concluded their week-long cooking experience on July 27, 2012. The camp focused on preparing and eating good, nutritious meals and exercising.

There were 17 participants in the first group and 12 in the second.

"The best part of the camp for me has been the positive feedback from the parents. They are excited that their kids are now "Chefs" at home and are informing us that their kids are cooking the healthy recipes for their families," said Friendship, program coordinator.

Participants prepare pizza for the oven

"The second session of the C.H.E.F. program began July 23 for youth ages 12-14. The program creator, De'Shoin York-Friendship, with help from Sharman Charles, Eva Davis, Karen Stevens and Kynisha Francois of the LSU AgCenter, taught participants a wide variety of recipes, exercise and food safety. Students learned how to prepare ingredients, gained experience in the kitchen and knowledge on health and nutrition to share with their family members.

"I learned to wash my hands every time I do something different," said Kerra Augustine of SU Lab School.

"We learned other ways of cooking than frying, like baking, grilling and also how to do aerobics exercise," said 13-year old Brianna Williams of Hosanna Christian Academy.

Participants reported learning a wide variety of new things to include keeping food separate to avoid cross contamination, sources of calcium and daily requirements, MyPlate, the value of fruits and vegetables in the diet.

"This has been a learning experience for me too," said Eva Davis, LSU AgCenter. "I learned that some of the participants will eat food that they usually would not eat; because they cook it, they will eat it."

Sharman Charles, LSU AgCenter said the program was successful because "kids learned how to eat healthy, exercise and taste new foods."

The program was conducted in partnership with the LSU AgCenter's East Baton Rouge Parish Extension Office. The staff included Sharman Charles, Area Nutrition Agent; Eva Davis, Associate Area Nutrition Agent; Karen Stevens, Assistant Area Nutrition Agent/Parish Chair; and Kynisha Francois, Nutrition Educator.
Morehouse Black Farmers & Landowners Association, in collaboration with the SU Ag Center and LSU AgCenter had their annual Field Day at Mr. Harper Armstrong’s Farm on July 20, 2012. More than 180 farmers from all across the south attended the field day to learn about Louisiana commodities.

Registration began at 7:30 along distribution of goody bags and door prizes. Odis Hill, Extension Agent, Morehouse and Union Parishes, led a discussion on twin-row soybean planting. He demonstrated the difference between twin-row and single-row planting. The twin-row crops serve as better weed control than single-row. However, it is produces lower yield.

The field day started with a demonstration by operators of John Deere tractor and sprayer equipment enhanced with auto-steer system.

The tour of Mr. Armstrong’s farm consisted of participants riding on two trailers tractors around the facility and making pertinent stops. One of the stops was at a corn test plot during which Dr. John Kruse of LSU AgCenter talked about the production of corn.

After the farm tour, participants visited the Armstrong and Down grain bins. Mr. Down’s talked about unloading a trailer of corn into the grain bins, showing the procedures involved in storing grain for the market. Mr. Charles Bonner and Denim Hill, machine operators, demonstrated how to unload corn into the grain bin.

Both Armstrong and Down jointly own three steel grains silos with a capacity of 15,000 bushels each. They are also constructing three new similar silos, each costing about $75,000.

Next on the agenda was a Cephas Bus Tour of Mr. Down’s soybean plot, a partnership with the SU Ag Center, Monsanto and Terral Seed.

“The crop looked extremely good. There were many compliments about this field being one of the best soybean fields they had seen this year,” said Odis Hill.

Dr. Gina Eubanks, Vice Chancellor for Extension, addressed the participants on the partnership of the SU Ag Center and LSU AgCenter on a successful field day. She thanked those who worked hard in bringing the public a productive field day full of useful information for all attendees. Commissioner of Agriculture Mike Strain spoke to the public about opportunities for agriculture producers in Northeast Louisiana and throughout the state.

Participants on a hayride tour of field plots

Loading corn into the grain silos

After a long hot day in the field, the group returned to the Agriculture Building located at the LSU AgCenter Office for lunch prepared by Mr. Frederick Herrington and Mrs. Tammy Hill. Others volunteered their time in setting up the facility.

Media coverage of the event is available at http://myarklamiss.com/fulltext?nxd_id=153252

Odis Hill is Extension Agent for Morehouse and Union Parishes.
The Southern University Ag Center’s 2012 Summer Garden Program ended on July 20 with a graduation ceremony for its 16 participants. The graduation was held at A.O. Williams Hall and featured a welcome address from Chancellor Leodrey Williams.

“We are what we eat,” said Williams. “If we eat well, we can live a long time and have a good quality of life with a foundation of healthy eating.”

Stephanie Elwood, Extension Associate/Garden Instructor for the SU Ag Center, also gave an introduction to the program by showing a slide show, giving those in attendance a first hand opportunity to see the students at work within the summer garden program. Elwood and 2012 summer garden graduate Sariah Rogers also showcased a youth participant video.

“I like it because I learned how to plant,” said summer garden participant Amare Coleman.

Learning to plant is one of the many aspects of the summer garden program, which is in its second year and sponsored by the SU Ag Center.

The purpose of the program includes teaching youth how to grow their own fruits and vegetables, utilize the garden for exercise and stress relief and encouraging healthier eating habits.

“In the 1800s, 97% of people grew their own food in this country, now less than 2% of the population is growing their own food,” said Chancellor Williams to the graduating class.

With statistics such as this, programs offered at the SU Ag Center like the summer garden program, are increasingly important because it builds the foundation for healthy living that can translate into a healthy and long life.

The program was coordinated by Stephanie Elwood at 225-771-2134 or stephanie_elwood@suagcenter.com
CRSBD holds “How to Start a Business” training in Hammond

The Center for Rural and Small Business Development partnered with Pastor Lue Russell of the New Jerusalem at the Crossroads Ministries to hold a training on “How to Start a Business” on July 12 in Hammond, Tangipahoa Parish, using the E-Learning Center.

The repeat training was held at the request of Pastor Russell due to the large number of participants interested in starting their own businesses. Pastor Russell opened the training with a prayer and spoke about the impact that the Center for Rural and Small Business Development has made in the community. E-Learning Center Program Director LaKeeshia Giddens spoke to the attendees about the capabilities and services that are provided by the E-Learning Center. The training was conducted by CRSBD Business Development Outreach Specialist, Eval Hall.

Trainees and Hall pose outside mobile unit

The participants also received information on the registration forms and applications required to legally register a business, the SBA’s Small Business Resource Magazine, the CRSBD’s brochure and business cards for CRSBD staff members LaKeeshia Giddens and Eval Hall.

Eval Hall trains Hammond residents

All participants expressed an interest in having the E-Learning Center conduct more business development trainings in their community.

The 4-H LIFE Project marks progress

The Southern University Agricultural Research and Extension Center was afforded the opportunity to replicate the 4-H LIFE Grant in December 2010. In December 2011, the project director, Tiffany Franklin was awarded funds to operate for Year 2 activity.

The 4-H LIFE Project operates in two parishes, East Baton Rouge and St. Landry. The project targeted 60 youth of incarcerated inmates, ages 8-17. Since inception, the program has strengthened communication ties between 300 youth and 150 inmates.

The issues commonly faced in Louisiana are inmates being released or transferred to other facilities before completing the program and ineligibility to participate. The dilemma is that some inmates have kids who are under the required age limit, thus do not qualify for the program.

During the June 2012 4-H Life Family Visit, families put on their thinking caps as they worked to develop a family tree. One family was able to trace back to a paternal great-great grandmother, born in 1867. Coincidently, two inmates realized their great grandparents had the same last name and were born in the same area of Mississippi in the early 1900s. This proved to be a rewarding and enlightening activity for all involved.
Urban Forestry Program Lauds Baton Rouge as Green City

Professor and program leader of the urban forestry at Southern University and researcher at SU Ag Center, Kamran Abdollahi and his graduate students recently completed a scientific study of the more than 1 million trees within Baton Rouge’s city limits. Those trees compose a canopy that covers 44 percent of the city — a larger percentage than the professor can find in any other North American city. Atlanta’s 36 percent coverage is second, according to data compiled by Abdollahi’s urban forestry program.

The six-month study used the urban forestry community’s standard method developed by the urban forestry community and software created by the U.S. Forest Service. Last summer, Abdollahi and his graduate students pinpointed 400 locations indicative of the city’s forest, each measuring one-tenth of an acre, then counted and measured each tree at the location.

While some of the plots were heavily forested, others were developed and nearly treeless. The counting method resembles a scientific survey, where a percentage of the population can accurately account for the views of the entire country. These plots will become permanent research locations where Abdollahi can return occasionally to search for changes — whether trees have grown or been cut down.

In his report, Abdollahi has attached a dollar value on Baton Rouge’s trees — $6.2 billion, a number reached using six separate measurements. For example, the urban forest removes 860 tons of pollution per year, he found, which Abdollahi said saves the city and its industry $6.2 million a year in costs associated with capturing contaminants. Also, he calculated that residents and businesses save $8 million a year because of shade created by trees — a figure developed by calculating the shade that covers homes and buildings on the survey sites.

These numbers prove that trees offer more than aesthetic value, Abdollahi said.

“It’s more than just loving trees,” he said.

Baton Rouge’s fertile location along the Mississippi River allows for a greener landscape, but Abdollahi credits the city’s interested residents with maintaining and planting trees. And he said he hopes through more education the city can keep what it has.

“Of course we are blessed with the ecology of the land,” he said, “but we have to take care of it.”

Abdollahi has begun working closely with nonprofit Baton Rouge Green, a tree-planting and education organization that has planted 4,800 trees in a quarter-century. While that number is a small piece of the city’s foliage, the organization’s projects raise awareness of the positive attributes of trees, he said.

“Baton Rouge Green is doing the right thing by showing that trees are important,” Abdollahi said.

“We have to appreciate what we have and build on it,” Abdollahi said. “We can’t say Baton Rouge Green is going to do it. We don’t have to do it. Every citizen should get involved, get organized.”

CRSBD Takes Entrepreneurship Training to the People

The E-Learning Center in the Center for Rural and Small Business Development in the Southern University Ag Center held a “How to Start a Business” Training in Roseland at the Roseland Town Hall on Tuesday, July 17.

Roseland Mayor Wanda McCoy attended the training and provided a welcome to the participants. The participants toured the E-Learning Center, received a copy of the United States Business Administrations Resource Magazine and information on the USDA’s Rural Housing Loan and Grant Program.

CRSBD Business Outreach Specialist Eual Hall conducted a presentation on the “Major Steps to Starting a Business” and provided one-on-one counseling for current and potential business owners after the presentation. Participants also received information on the registration forms and applications required to legally register a business and learned how to read a cash flow and profit and loss statement.

Mayor McCoy is also interested in having the CRSBD come back in the near future to provide more business development training classes in the rural community.

On July 25, the Center co-sponsored a “Marketing Your Business” Seminar with the Franklinton Louisiana Chamber of Commerce in Franklinton at the Franklinton Town Hall.

Franklinton Mayor Wayne Fleming, and several town council members were present to greet the seminar participants.

Center for Rural and Small Business Development Outreach Business Specialist Eual Hall provided greetings and an introduction to the group while the E-Learning Center Program Director LaKeeshia Giddens conducted training in Franklinton.

LaKeeshia Giddens provided the group with a tour of the E-Learning Center.

Desiree H. Young, Venture Walk Business Partners, LLC conducted a dynamic presentation on marketing a business.

“This was the best presentation that we have ever had,” said Linda Crain, Director of the Franklinton Chamber of Commerce.

The Center for Rural and Small Business Development and the Franklinton Chamber of Commerce are planning to co-sponsor more business development events together in the town within the coming months.
Qi co-authors journal article

Dr. Yadong Qi, professor of urban forestry, has co-authored a refereed journal article entitled "Copper/carbon core shell nanoparticles as additive for natural fiber/wood plastic blends," published in the August issue of BioResources 7 (3), 3213-3222. The online version of the paper is available at [http://www.ncsu.edu/bioresources/BioRes_07/BioRes_07_3_3213_Wu_LLQ_Cu_C_CoreShell_NP_Wood_Plast_Composites_2766.pdf](http://www.ncsu.edu/bioresources/BioRes_07/BioRes_07_3_3213_Wu_LLQ_Cu_C_CoreShell_NP_Wood_Plast_Composites_2766.pdf).

This paper a result of the USDA-NIFA funded joint research project on nanotechnology application in forestry health.

Dr. Qi serves as Principal Investigator while Dr. Qinglin Wu (LSU) and Dr. Kun Lian (SUBR) are Co-PIs on the project.

*Bio Resources* (ISSN: 1930-2126) is a peer-reviewed online journal devoted to the science and engineering of lignocellulosic materials, chemicals, and their applications for new uses and new capabilities.

---

Dr. Fatemeh Malekian, Food Scientist, has been promoted from Associate Professor to Professor by the Board of Supervisors for Southern University.

Dr. Kit Chin, professor, horticulture, has been invited to serve as a peer review panelist for the "European Journal of Medicinal Plants."

Terrence Marshall, East Baton Rouge Parish County Agent received the Distinguished Service Award from the National Association of County Agriculture Agents during the 2012 Annual Meeting and Professional Improvement Conference held recently in Charleston, SC. Marshall was one of the top two percent of the membership selected by their peers and the Director of Extension. Marshall was one of 59 state winners from across the United States who received the award.

L-r: Paul Wigley, association president, Terrence, and Sharon Marshall
Carol F. Sensley, Calcasieu Parish FCS Agent mentored students who emerged winners in two categories at the 2012 Youth and Family Exposition. The first win came from the Junior Quiz Bowl contestants who took 1st place. The team comprised of Lincoln Chambers, Laykin Chambers, D'Anthony Butler, Camryn Sensley, Alexia Charles. Alisa Stevens served as volunteer to assist Sensley. The other prize was in the public speaking category where Ariel Chapman placed first in the senior division.

L-r: Carol Sensley, Alisa Stevens, Ariel Chapman, and Wanda Burke. Junior Quiz Bowl 1st place winners pose with Carol Sensley, Owusu Bandele and Wanda Burke.

UPCOMING EVENTS

August 7, 14, 21, and 28: Second Chance training, 1pm – 3pm at the East Baton Rouge Parish Prison. For further details, please contact Tiffany Franklin at (225) 771-2775 or tiffany_franklin@suagcenter.com

September 4, 11, 18, 25: Second Chance training, 1pm – 3pm at the East Baton Rouge Parish Prison. For further details, please contact Tiffany Franklin at (225) 771-2775 or tiffany_franklin@suagcenter.com

October 24 – 27: Session 5 Small Farmer Ag Leadership Institute, South Carolina State University, Orangeburg, SC. Contact Dawn Mellion Patin at 225-771-3532.

December 1 – 5: Session 6 Small Farmer Ag Leadership Institute, PAWC / Tuskegee, AL, Contact Dawn Mellion Patin at 225-771-3532.
1. GOAL, Develop Comprehensive Delivery System of services.
   a) STRATEGY, Obtain approval/support of Administration/Board of Supervisors: FALL 2011.
      i. Draft a proposal/strategy.
      ii. Present proposal to respective campus Chancellors.
      iii. Present proposal to Dr. Mason.
      iv. Present proposal to Board of Supervisors.
      v. Advocate for local and state support from elected official and other community leaders.
   b) STRATEGY, Institutionalize the initiative: FALL 2011.
      i. Receive guidance from the Law Center concerning the best organizational structure.
      ii. Obtain Administrative approval.
   c) STRATEGY, Develop comprehensive service menu: Spring 2012.
      i. Conduct assessment of offered services through each campus to identify gaps and avoid redundancies.
      ii. Research organizations and delivery systems currently at work in Louisiana.
      iii. Identify affiliates to address gaps in offered services.

   a) STRATEGY, Work with Southern University system to create branding/marketing plan.
   b) STRATEGY, Participate in conferences, networking events, etc. contingent on Administrative approval.
   c) STRATEGY, Produce informational/promotional materials.

3. GOAL, Increase revenue, capacity, and retention of underserved businesses in the state of Louisiana: 2011-2016.
   a) STRATEGY, Provide consistent quality delivery services based on system-wide criteria and resources.
   b) STRATEGY, Develop strategic alliances with business tech service providers/organizations to provide a “comprehensive menu” to clients.
c) STRATEGY, Develop strategic partnerships with community organizations for outreach purposes.

d) STRATEGY, Develop policy with Southern University system for minority participation in procurement opportunities.
   i. Focus on black businesses.
   ii. Develop/strengthen relationships with Latino and Vietnamese businesses.

e) STRATEGY, Create research mechanism to collect accurate data on underserved Louisiana businesses.

f) STRATEGY, Develop corporate partnerships to strategically align our clients with larger contracting opportunities.

4. GOALS, Diversify businesses types and encourage innovation among our clients: 2011-2016.

a) STRATEGY, Partner with research organizations (e.g. Economic Gardening) to identify new and emerging markets.

b) STRATEGY, Promote Innovation in small business development.
   i. Expose our clients to innovative industries.
   ii. Expand our clients’ participation in innovative industries.

c) Create opportunities for our clients and academicians to exchange knowledge and experience.
   i. Outreach/site visits.
   ii. Seminars/symposiums.

d) STRATEGY, Educate clients on what is Innovation.
   i. Outreach.
   ii. Workshops.
   iii. Educational materials.
5. **GOAL, Expose Youth – age 11 through 17 -- to entrepreneurial ideas and methods: 2011-2016.**

   a) **STRATEGY, Assessment of gaps in services for youth entrepreneurship in Louisiana.**

      i. Identify best practices.

         a. National

         b. State

         c. Parish

      ii. Identify stakeholders.

         a. National

         b. State

         c. Parish

   b) **STRATEGY, Include a mechanism to accommodate youth clients’ families.**

   c) **STRATEGY, Consider youth in all program activities and objectives.**
Southern University System
Small Business Coalition in Action

Five Campuses working together
to meet the needs and strengthen the
capacity of Louisiana’s underserved entrepreneurial communities.
MISSION

Southern University System Small Business Coalition in Action (Louisiana Business Action), in partnership with our stakeholders, provides access to learning, technical assistance, research based data, and capital to aspiring and existing business owners in underserved populations throughout Louisiana to decrease the wealth gap within the state.
IMPETUS

Currently, Southern University's five campuses have programs that work with entrepreneurs' business development needs — at times overlapping services and/or competing for funding/professional resources. Coordinating and managing a comprehensive menu of services and assistance to reach both rural and urban communities would strengthen the system's outreach efforts and successes.
FIRST STEPS

The group began with a series of meetings, culminating with a retreat in Summer of 2011, at which a strategic plan was drafted. To remain on point, we applied three questions to the goals and strategies that came from the discussion.

✓ Does it fit within the larger strategic plan for the Southern University System?
✓ Is this a viable and sustainable undertaking?
✓ Will it better help us meet the needs of our constituents and clients?
GOAL #1

*Develop a Comprehensive Delivery of Services*

Strategy: Obtain approval/support of Administration and Board of Supervisors, Summer 2011-Fall 2012.

- Draft a proposal/strategy. Summer ‘11
- Present proposal to respective campus Chancellors. Fall/Winter ‘11
- Present to Dr. Ronald Mason. Spring ‘12
- Present proposal to Board of Supervisors. Summer ‘12
- Advocate for local and state support.

SU: Louisiana Business Action
GOAL #1

*Develop a Comprehensive Delivery of Services*

Strategy: Institutionalize the initiative, Fall 2012.

- Receive guidance for the Law Center concerning the best organizational structure.
- Obtain Administration approval.

SU: Louisiana Business Action
GOAL #1

Develop a Comprehensive Delivery of Services

Strategy: Develop comprehensive technical service menu, Fall 2012/Winter 2013

- Conduct assessment of offered services through each campus to identify gaps and avoid redundancies. Fall ‘12 / Winter ‘13
- Research organizations and delivery systems already at work in Louisiana. Winter ‘13
- Identify affiliates to address gaps in offered services. Summer ‘12

SU: Louisiana Business Action
GOAL #2: Branding

GOAL #3: Increase revenue, capacity, and retention of underserved businesses in Louisiana.

GOAL #4: Diversity business types and encourage innovation among our clients.
GOAL #5: Expose Youth – ages 11 through 17 – to business and entrepreneurial ideas / methods.

We thank you for your attention, and welcome any questions the Board might have in regard to Louisiana Business Action.
